Artistic Inspirations Usability Testing

Prototype KILO-DENISE

Scenario

You are a student enrolled in an introduction to painting course. Your instructor gives you assignments each week to paint. You find yourself struggling to come up with what to paint for each week's assignment. You would like a new way to find inspiration.

Pre-Test Questions

1. Would you consider yourself to be an artist?

2. Please rate your comfort with technology on a scale of 1/10

3. Have you ever used similar apps in the past?

Testing Objectives

Please rate the difficulty of achieving each task, as well as any additional commentary below.

1. Learn about the basics of Photoshop.

2. Generate a random topic with reference photos.

3. Upload a submission of artwork.

Post-Test Questions

1. How likely are you to use this product?

2. Briefly list three things you liked about the app.

3. Briefly list three things you would change about the app.
